

Securities and Exchange Commission

CITIZEN'S CHARTER 2019 (1st Edition)

I. Mandate:

The Securities and Exchange Commission (SEC) or the Commission is the national government regulatory agency charged with supervision over the corporate sector, the capital market participants, and the securities and investment instruments market, and the protection of the investing public. Created on October 26, 1936 by Commonwealth Act (CA) 83 also known as The Securities Act, the Commission was tasked to regulate the sale and registration of securities, exchanges, brokers, dealers and salesmen. Subsequent laws were enacted to encourage investments and more active public participation in the affairs of private corporations and enterprises, and to broaden the Commission's mandates. Recently enacted laws gave greater focus on the Commission's role to develop and regulate the corporate and capital market toward good corporate governance, protection of investors, widest participation of ownership and democratization of wealth.

SEC is the registrar and overseer of the Philippine corporate sector; it supervises more than 600,000 active corporations and evaluates the financial statements (FS) filed by all corporations registered with it. SEC also develops and regulates the capital market, a crucial component of the Philippine financial system and economy. As it carries out its mandate, SEC contributes significantly to government revenues.

With the growing number of corporations and other forms of associations that SEC supervises and monitors, and given the evolving nature of transactions where the corporate vehicle is being used to defraud the investing public, as well as the ever dynamic character of the capital market, SEC must progressively perform its critical role as the prudent registrar and supervisor of the corporate sector and the independent guardian of the capital market.

Subsequent laws enacted to broaden the Commission's mandates, powers, and functions were:

- The SEC Reorganization Act or Presidential Decree (PD) 902-A in 1976, as subsequently amended by PDs 1653, 1758 and 1799 reorganized the Commission to give it ample powers to protect the public and their investments. Under the Act, the Commission was reorganized into a collegial body; and was given additional powers and functions, including quasi-judicial powers over intra-corporate disputes as well as absolute jurisdiction, supervision and control over all corporations, partnerships or associations that are the grantees of primary franchise and/or a license or permit issued by the government to operate in the Philippines.
- The Corporation Code of the Philippines (CCP) or the [Batas Pambansa \(BP\) 68](#) in 1980 gave SEC the mandate to register

corporations, collect fees from registering corporations, and prescribe reportorial requirements. Along with the granting of authority to register corporations, it empowered SEC to reject articles of incorporation or disapprove any amendment thereto if the same is not in compliance with the requirements of BP 68. The Code also required all registered corporations to submit to SEC an annual report of its operations, together with a financial statement of assets and liabilities, certified by an independent certified public accountant (CPA) in appropriate cases, and such other requirements as SEC may require within the prescribed period. Likewise, it authorized SEC to promulgate rules and regulations reasonably necessary to enable it to perform its duties particularly in the prevention of fraud and abuses on the part of the controlling stockholders, members, directors, and trustees or officers of corporations.

- The [Revised Corporation Code \(RCC\)](#) or RA 11232, signed into law by President Rodrigo R. Duterte on 20 February 2019 and took effect on 23 February 2019, amended the almost four-decade-old BP 68 and forms part of the present administration's legislative priorities. It aligns with the 10-point socio-economic agenda of the President, specifically in increasing the Philippine economy's competitiveness and improving the ease of doing business in the country.

The RCC aims for a more competitive corporate sector, as it adopts international best practices and standards tailored to address the needs and realities of the Philippine corporate setting, and introduces new concepts and mechanisms to help the Philippines keep up with the changing times. Among the notable amendments to the Corporation Code is the grant of a perpetual corporation term for existing and future corporations unless provided in their articles of incorporation. The RCC also allows the formation of one-person corporation, a corporation with a single stockholder and without a minimum authorized capital stock required. Another salient feature of the RCC is the provision for an emergency board when a vacancy in a corporation's board of directors prevents the remaining directors from constituting a quorum and consequently from making emergency actions required to prevent grave, substantial and irreplaceable loss or damage.

The RCC also allows corporations to adopt alternative dispute resolution mechanisms for intra-corporate issues except those involving criminal offenses and interests of third parties. As part of efforts to improve ease of doing business in the country, the RCC mandated the Commission to develop and implement an electronic filing and monitoring system. The SEC is mandated to promulgate rules to facilitate and expedite, among others, corporate name reservation and registration, incorporation, submission of reports,

notices, documents required under the Code, and sharing of pertinent information with other government agencies. To ensure optimal stockholder participation, meanwhile, the RCC will allow the use of remote communication such as videoconferencing and teleconferencing during stockholder meetings. Stockholders may also participate and vote in absentia.

- The Revised Securities Act or BP 178 in 1982 repealed CA 83 in its entirety to give way to a new statute that would enable the SEC to keep pace with new and more complex securities instruments, trading vehicles and strategies. BP 178 provided, among others, for a more sophisticated disclosure mechanism of securities to be offered to investors.
- The [Securities Regulation Code \(SRC\)](#) or Republic Act (RA) 8799 in 2000 provided for the SEC reorganization to give greater focus on the Commission's role in capital market development, fostering good corporate governance (CG) and enhancing investor protection. The SRC also provided for the transfer of the Commission's jurisdiction over all cases enumerated under Section 5 of PD 902-A to the Courts of general jurisdiction or the appropriate Regional Trial Court. The SRC also defined in clear terms fraud and criminal offenses related to securities transactions, and strengthened SEC regulatory functions over all entities dealing in securities such as Self-Regulatory Organizations (SROs) or the Philippine Stock Exchange (PSE), Philippine Dealing and Exchange Corporation (PDEX) and Capital Market Integrity Corporation; as well as market professionals such as brokers and dealers, among others.
- The SRC restated the requirements for the submission of an annual report by companies of their operations, together with FS, certified by an independent CPA, and such other requirements as SEC may deem necessary. It also included provisions on internal record keeping and accounting controls to be complied with by companies. The [SRC Implementing Rules and Regulations \(IRR\)](#), the latest amendment of which is known as the 2015 SRC Rules, took effect on November 9, 2015.
- Section 68 of the SRC on special accounting rules reinforced the power of SEC to make, amend and rescind such accounting rules and regulations as may be necessary to carry out the provisions of the SRC and those of the CCP relative to financial reporting. It also includes rules and regulations governing registration statements and prospectuses for various classes of securities and issuers, and defining accounting, technical and trade terms used; the power to prescribe the form or details to be shown in the FS, and the methods to be followed in the preparation of accounts, appraisal or valuation of assets and liabilities, and other financial statement items, among others.

- In line with this, [Rule 68](#), the Special Accounting Rules was issued in 2001 as part of the SRC IRR. Rule 68 specifically provides for the general guides to FS preparation, responsibility to FS, qualifications and reports of independent auditors, additional requirements for independent auditors of SEC-regulated entities and other entities, independence of auditors, engagement of independent auditors, audit reports, including the accreditation of independent auditors as well as review of their quality assurance processes. Rule 68 has undergone several amendments, the latest of which was in 2011; and is presently in the process of amendments to ensure reliability of the FS and the protection of investors. Financial Reporting Bulletins (FRBs) are also issued by the Commission as needed to cover additional Financial Reporting Requirements.
- [Credit Information System Act \(CISA\)](#) or RA 9510 in 2008 mandated the SEC to be the lead government agency to implement and enforce the said Act. It designated the Chairman of the SEC to be the Chairman of the Board of Directors of the Credit Information Corporation (CIC), whose primary purpose is to receive and consolidate basic credit data; to act as a central registry or central repository of credit information; and, to provide access to reliable, standardized information on credit history and financial condition of borrowers.
- Microfinance Nongovernment Organizations (NGOs) Act or RA 10693 in 2015 mandated SEC to establish an accrediting body to be known as the Microfinance NGO Regulatory Council which shall, among others, institute and operationalize a system of accreditation for Microfinance NGOs; issue certificate of accreditation as a Microfinance NGO upon determination that the criteria set for this purpose have been fully satisfied; and, monitor the performance of Microfinance NGOs to ensure continuing compliance with the provisions of the Act and its IRR. The Chairman of SEC or designated representative shall serve as the Chairperson of the Council; and the Council shall be assisted by a secretariat to be lodged in the SEC, which shall coordinate the activities involved in the accreditation process.

Today, SEC is tasked with “serious responsibility of enforcing all laws affecting corporations and other forms of associations not otherwise vested in some other government offices.” In addition to the aforementioned laws, the Commission also implements and acts either as lead or support agency in administering and enforcing special laws, the more significant of which are:

1. Anti-Money Laundering Act of 2001 (RA 10365), as amended
2. Lending Company Regulation Act (LCRA) of 2007 (RA 9474)

3. Financing Company Act (FCA) (RA 8556), as amended
4. Investment Company Act (RA 2629), as amended, and its IRR
5. Investment Houses Law (PD 129)
6. Retail Trade Liberalization Act of 2000 (RA 8762)
7. Foreign Investments Act of 1991 (RA 7402), as amended
8. Omnibus Investments Code of 1987 (E.O. 226, Book III)
9. Anti-Dummy Law (Commonwealth Act 108), as amended
10. Civil Code of the Philippines (RA 386, Title IX - Partnership)
11. Securitization Act of 2004 (RA 9267)
12. Real Estate Investment Trust Act of 2009 (RA 9856)
13. Personal Equity and Retirement Account Act of 2008 (RA 9505)
14. Ease of Doing Business and Efficient Government Service Delivery Act of 2018 (RA 11032)

II. Vision:

By 2025, the SEC with its driven, highly-trained and customer-centric team of professionals, equipped with innovative technology and automated registration and data management systems, is the premier investor champion and catalyst of a broadened and informed investor-based capital market and business sector considered among the best in the SEA region.

III. Mission:

We are the gateway to doing business in the Philippines. We provide a competitive and secure environment for easy company registration, efficient capital formation, and broad investor participation.

IV. Service Pledge:

We, the officials and employees of the Securities and Exchange Commission, guided by our values of INTEGRITY, PROFESSIONALISM, ACCOUNTABILITY, INDEPENDENCE, INITIATIVE, and TEAMWORK, pledge to:

- ✓ Serve you with a smile
- ✓ Ensure efficiency in service delivery, and
- ✓ Commit ourselves to address your complaints and satisfy you, our dear clients.

2. Accreditation of Credit Rating Agencies

To increase reliance on the report of credit rating agencies in performing credit evaluation of corporations and business projects or of debt issues with the intention of assessing the overall creditworthiness or of ascertaining the willingness and ability of the issuer to pay its financial obligations as they fall due and which assessment is translated by credit ratings periodically and publicly announced.

The requirements for accreditation of credit rating agencies are contained in 2015 Implementing Rules and Regulations (IRR) of the Securities Regulation Code (SRC).
