They shall not be included in the final documents, except for the notes introducing Section VII. PBD Related Forms where the information is useful for the Bidder. A. General

1) Scope of Bid

- 1.1 The Procuring Entity named in the **BDS** shall select an individual, sole proprietorship, cooperative, partnership, corporation, or a joint venture (JV) (hereinafter referred to as “Consultant”) from among those short-listed, in accordance with the evaluation procedure specified in the **BDS**. The identification number shall be specified in the **BDS**.
- 1.2 Consultants are invited to submit bids composed of a technical proposal and a financial proposal for Consulting Services required for this Project described in the **BDS**. Bids shall be the basis for contract negotiations and ultimately for a signed contract with the selected Consultant.
- 1.3 If the **BDS** indicates that the Project will be completed in phases, each phase must be completed to the Procuring Entity’s satisfaction prior to the commencement of the next phase.

2) Source of Funds

The Procuring Entity has received financing (hereinafter called “funds”) from the source indicated in the **BDS** (hereinafter called the “Funding Source”) toward the cost of the Project named in the **BDS**. The Procuring Entity intends to apply a portion or the whole of the funds to payments for this Project.

3) Requirements Prior to Bidding

- 3.1 Consultants must familiarize themselves with the local conditions and take them into account in preparing their bids. To obtain firsthand information on the project and on the local conditions, Consultants are encouraged to visit the Procuring Entity before submitting a bid and to attend the pre-bid conference specified in **ITB** Clause 9. The Consultants’ costs of preparing their bids and negotiating the contract, including a visit to the Procuring Entity, are not reimbursable as a direct cost of the project.
- 3.2 Consultants shall not be under a declaration of ineligibility for corrupt, fraudulent, collusive, coercive, or obstructive practices issued by the Funding Source or the Procuring Entity in accordance with **ITB** Clause 4.1.

4) Corrupt, Fraudulent, Collusive, Coercive, and Obstructive Practices

- 4.1 Unless otherwise specified in the **BDS**, the Procuring Entity as well as the Consultants shall observe the highest standard of ethics during the procurement and execution of the contract. In pursuance of this policy, the Procuring Entity:
 - a) defines, for purposes of this provision, the following terms under existing laws, rules, and regulations:
 - i) “corrupt practice” means an act by which officials in the public or private sectors improperly and unlawfully enrich themselves, others, or induce others to do so, by misusing the position in which they are

placed, and includes the offering, giving, receiving, or soliciting of anything of value to influence the action of any such official in the procurement process or in contract execution; entering, on behalf of the government, into any contract or transaction manifestly and grossly disadvantageous to the same, whether or not the public officer profited or will profit thereby, and similar acts as provided in RA No. 3019.

- ii) “fraudulent practice” means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of the Procuring Entity, and includes collusive practices among Bidders (prior to or after bid submission) designed to establish bid prices at artificial, non-competitive levels and to deprive the Procuring Entity of the benefits of free and open competition.
- iii) “collusive practices” means a scheme or arrangement between two or more Bidders, with or without the knowledge of the Procuring Entity, designed to establish bid prices at artificial, non-competitive levels.
- iv) “coercive practices” means harming or threatening to harm, directly or indirectly, persons, or their property to influence their participation in a procurement process, or affect the execution of a contract.
- v) “obstructive practice” is
 - a) deliberately destroying, falsifying, altering or concealing of evidence material to administrative proceedings or investigation or making false statements to investigators in order to materially impede administrative proceedings or investigation of the Procuring Entity or any foreign government/foreign or international financing institution into allegations of a corrupt, fraudulent, coercive, or collusive practice; and/or threatening, harassing, or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the administrative proceedings or investigation or from pursuing such proceedings or investigation; or
 - b) acts intended to materially impede the exercise of the inspection and audit rights of the Procuring Entity or any foreign government/foreign or international financing institution herein.
- b) Undertakes to reject a proposal for award upon *prima facie* determination that the Consultant recommended for award has engaged in any of the prohibited practices mentioned in this Clause for purposes of competing for the contract.

- 4.2 Further, the Procuring Entity will seek to impose the maximum civil, administrative, and/or criminal penalties available under applicable laws on individuals and organizations deemed to be involved in any of the practices mentioned in **ITB** Clause 4.1(a).

- 4.3 Furthermore, the Funding Source and the Procuring Entity reserve the right to inspect and audit records and accounts of a Consultant in the bidding for and performance of a contract themselves or through independent auditors as reflected in the **GCC** Clause 52.

5) Conflict of Interest

- 5.1 All Bidders found to have conflicting interests shall be disqualified to participate in the procurement at hand, without prejudice to the imposition of appropriate administrative, civil, and criminal sanctions. A Bidder may be considered to have conflicting interests with another Bidder in any of the events described in paragraphs (a) through (c) below and a general conflict of interest in any of the circumstances set out in paragraphs (d) through (i) below:
- a) A Bidder has controlling shareholders or beneficial owners in common with another bidder;
 - b) A Bidder receives or has received any direct or indirect subsidy from any other bidder;
 - c) A Bidder has the same legally authorized representative as that of another bidder for purposes of this bid;
 - d) A Bidder has a relationship, directly or through third parties, that puts them in a position to have access to information about or influence the bid of another bidder or influence the decisions of the Procuring Entity regarding this bidding process. This will include a firm or an organization that lends, or temporarily seconds, its personnel to firms or organizations that are engaged in consulting services for the preparation related to procurement for or implementation of the project if the personnel would be involved in any capacity on the same project;
 - e) A Bidder who participated as a consultant in the preparation of the design or technical specifications of the Goods and related services that are the subject of the bid;
 - f) A Bidder who lends, or temporarily seconds, its personnel to firms or organizations which are engaged in consulting services for the preparation related to procurement for or implementation of the project, if the personnel would be involved in any capacity on the same project;
 - g) If a Bidder combines the function of consulting with those of contracting and/or supply of equipment for the same Project;
 - h) If a Bidder is associated with, affiliated to, or owned by a contractor or a manufacturing firm with departments or design offices offering services as consultants unless such Bidder includes relevant information on such relationships along with a statement in the Technical Proposal cover letter to the effect that the Bidder shall limit its role to that of a consultant and disqualify itself and its associates from work in any other capacity that may emerge from the Project (including bidding for any part of the future project).

The contract with the Bidder selected to undertake the Project shall contain an appropriate provision to such effect; or

- i) If there is a conflict among consulting projects, the Bidder (including its personnel) and any subsidiaries or entities controlled by such Bidder shall not be recruited for the relevant project. The duties of the Bidder depend on the circumstances of each case. While continuity of consulting services may be appropriate in particular situations where no conflict exists, a Bidder cannot be recruited to carry out a project that, by its nature, shall result in conflict with a prior or current project of such Bidder. Examples of the situations mentioned are when a Bidder engaged to prepare engineering design for an infrastructure project shall not be recruited to prepare an independent environmental assessment for the same project; similarly, a Bidder assisting a Procuring Entity in privatization of public assets shall not purchase, nor advise purchasers, of such assets; or a Bidder hired to prepare the Terms of Reference (TOR) for a project shall not be recruited for the project in question.

5.2 All Bidding Documents shall be accompanied by a sworn affidavit of the Bidder that it is not related, by consanguinity or affinity up to the third civil degree, to the Head of the Procuring Entity (HoPE), Procurement Agent (if engaged), the head of the Project Management Office (PMO), the End-User or Implementing Unit, or any members of the Bids and Awards Committee (BAC), Technical Working Group (TWG), BAC Secretariat, and the project consultants.⁴

5.3 The Bidder shall also disclose the ultimate beneficial ownership of an entity. Failure to comply with the aforementioned provision shall be a ground for the automatic disqualification of the bid in consonance with Section 59 of the IRR. For this reason, relationship to the aforementioned persons within the third civil degree of consanguinity or affinity shall automatically disqualify the Bidder from participating in the procurement of contracts of the Procuring Entity notwithstanding the act of such persons inhibiting themselves from the procurement process. This Clause shall apply to the following persons and affiliates:

- a) In the case of individuals or sole proprietorships, to the Bidders and their spouses;
- b) In the case of partnerships, to the partnership itself and its partners;
- c) In the case of cooperatives, to the cooperative itself and members of the board of directors, general manager, or chief executive officer;
- d) A partnership, joint venture or consortium which is blacklisted or which has blacklisted member/s or partner/s, as well as a person or entity who is a member of a blacklisted joint venture or consortium, are likewise not allowed to participate in any government procurement during the period of suspension or blacklisting; and
- e) In the case of corporations, a single stockholder, together with their relatives up to the third civil degree of consanguinity or affinity, and their

- 5.4 Subject to the provisions of **ITB** Clause 5, any previous or ongoing participation by the Bidder, its professional staff, or its affiliates or associates under a contract with the Funding Source or the Procuring Entity in relation to this Project may result in the rejection of its bid. The Bidder should clarify their situation in that respect with the Procuring Entity before preparing its bid.
- 5.5 Bidders are discouraged to include officials and employees of the Government of the Philippines (GoP) as part of its personnel. Participation of officials and employees of the GoP in the Project shall be subject to existing laws, rules, and regulations, such as those of the Civil Service Commission.
- 5.6 Fairness and transparency in the selection process require that all Bidders have an equal opportunity to compete, and that no Bidder derives an unfair advantage from having previously provided consulting services related to the Project. To uphold fairness, the Procuring Entity shall ensure that all information which could provide a competitive advantage is disclosed equally to all short-listed Consultants, together with the Bidding Documents.

6) Eligible Bidders

- 6.1 Only Bids found to be legally, technically, and financially eligible will be evaluated. For procurement of Consulting Services, the following persons shall be eligible to participate in this bidding:

- 29.1 The BAC shall determine to its satisfaction whether the Consultant that is evaluated as having submitted the HRB complies with and is responsive to all the requirements and conditions specified in the Short-listing Documents and **ITB** Clauses 12 and 13. The Consultant, within five (5) calendar days from receipt of notice from the BAC that it submitted the HRB, shall submit all the eligibility documents supporting its PhilGEPS Certificate of Registration (Platinum Membership), its latest income and business tax returns filed for the preceding quarter which should not be earlier than two (2) quarters from the date of submission and receipt of bid, and other appropriate licenses and permits required by law and stated in the **BDS**.

- 29.4 The determination shall be based upon an examination of the documentary evidence of the Consultant’s qualifications submitted pursuant to **ITB** Clauses 12 and 13, as well as other information as the Procuring Entity deems necessary and appropriate, using a non-discretionary “pass/fail” criterion, which shall be completed within a period of twelve (12) calendar days from the completion of the negotiation with the Consultant that submitted the HRB. In exceptional cases, the post-qualification period may be extended by the HoPE, but in no case shall it exceed thirty (30) calendar days.
- 29.5 If the BAC determines that the Consultant with the HRB passes all the criteria for post-qualification, it shall declare the said bid as the Consultant with the HRRB and recommend to the HoPE the award of contract to the said Bidder at bid price or its negotiated price, whichever is lower, and subject to compliance with **ITB** Clause 31.3.

- 29.6 If the BAC determines that the bidder with the HRB fails the criteria for post-qualification, it shall immediately notify the said bidder in writing of its post-qualification and the grounds for it.
- 29.7 Immediately after the BAC has notified the first Consultant of its post-disqualification, and notwithstanding any pending request for reconsideration thereof, the BAC shall initiate and complete the same post-qualification process on the Consultant with the second HRB. If the second Consultant passes the post-qualification and provided that the request for reconsideration of the first Consultant has been denied, the second Consultant shall be post-qualified as the Consultant with the HRB. If the second Consultant, however, fails the post-qualification, the procedure for post-qualification shall be repeated for the Consultant with the next HRB, and so on, until the HRRB is determined for award, subject to the procedure of Notice and Execution of Award.

In case of post-disqualification of the Consultant with the HRB, the BAC shall be given the same fresh period to conduct the post-qualification of the next HRB until a Consultant is post-qualified or failure of bidding is declared based on Section 64 of the IRR.

- 29.8 Within a period not exceeding ten (10) calendar days from the determination by the BAC of the HRRB and the recommendation of the award, the HoPE or its duly authorized representative shall approve or disapprove the said recommendation.
- 29.9 In case of approval, HoPE or its duly authorized representative shall immediately issue the Notice of Award to the Consultant with the HRRB.

In the event that the approving authority shall disapprove the resolution on the award of the contract, such disapproval shall be based only on valid, reasonable, and justifiable grounds as enumerated under Section 70 of the IRR to be expressed in writing. A copy of the decision disapproving the resolution shall be furnished to the BAC and the Consultant. A request for reconsideration may be filed by the Consultant with the HoPE within three (3) calendar days from receipt of the notice of disapproval. The HoPE shall resolve with finality the request for reconsideration within seven (7) calendar days from the filing thereof and furnish the bidder a copy of the resolution immediately from its promulgation. In no case shall the request for reconsideration stay or delay the bidding process. However, the request for reconsideration must first be resolved before any award is made.

- 30.1 Notwithstanding the eligibility, short-listing, or post-qualification of a Consultant and without incurring any liability, the HoPE or its duly authorized representative at any stage of the procurement, reserves the right to review its qualifications, reject any and all bids, declare a failure of bidding or not award the contract in the following situations:

 - b) If the BAC is found to have failed in complying with the law or in following the prescribed bidding procedures; or
 - c) For any justifiable and reasonable ground where the award of the contract will not redound to the benefit of the government, in instances where (i) the physical and economic conditions have significantly changed so as to render the Project no longer economically, financially, or technically feasible as determined by the HoPE; (ii) the project is no longer necessary as determined by the HoPE; and (iii) the source of funds for the project has been withheld or reduced through no fault of the Procuring Entity.

PROCUREMENT OF CONSULTANCY SERVICES FOR CAMPAIGN DEVELOPMENT, MANAGEMENT, AND IMPLEMENTATION OF THE INVESTOR PROTECTION WEEK (IPW) 2025

I. BACKGROUND AND OBJECTIVES

The Securities and Exchange Commission (“SEC” or the “Commission”) is the national government regulatory agency mandated to register and oversee corporations, and to develop and regulate the capital market toward good corporate governance, protection of investors, widest participation of ownership, and democratization of wealth.

As part of its mandate, the Commission adopted the SEC Communication, Advocacy, and Network (SEC CAN!) Strategic Initiative to increase the knowledge and awareness of the public about the Commission’s initiatives, programs, and activities. The SEC CAN! Initiative entails the creation and dissemination of multimedia information, education, and communication materials, and the conduct of nationwide on-ground information drives.

To promote financial literacy and investor protection, the Commission headed the celebration of the Investor Protection Week (IPW), which was institutionalized through Presidential Proclamation No. 846 signed on 15 November 2019, as a way of addressing the growing number of reported investment scams.

The IPW is organized in alignment with the World Investor Week (WIW), a global initiative spearheaded by the International Organization of Securities Commissions (IOSCO), thereby situating the Commission’s efforts within a broader international campaign. This initiative reinforces the Commission’s sustained efforts to inform and educate the public on financial literacy, investor rights and responsibilities, and investment risks, among others.

Further, the Commission hosts the 89th SEC Anniversary and Stakeholders’ Night, the culminating event of IPW to recognize and celebrate the invaluable contributions of our regulatory partners, market participants, and various organizations in advancing the Commission’s advocacy of investor protection, good corporate governance, and capital market development. This event also serves as an opportunity to strengthen relationships and renew commitment on financial literacy and market integrity.

During the IPW and Stakeholders’ Night, the SEC produces educational materials and organizes several events and activities aimed at promoting financial literacy and investor protection. To ensure the timeliness and effectiveness of the release of educational materials and the conduct of activities for the aforementioned events, the Commission approved the procurement of consultancy services for campaign development, management, and implementation, including video production and events management.

V. Services and Facilities Provided by the Client

Provide a detailed description of the services and facilities to be made available to the Consultant, and the time and manner of their availment.

VI. Consultant's Representations Regarding Costs and Charges

Breakdown of Remuneration Rates, WB funded projects using Quality Based Selection, Selection Based on the Consultant's Qualifications and Single Source Selection.

1) Review of Remuneration Rates

- a) The remuneration rates for staff are made up of salary, social costs, overheads, fee that is profit, and any premium or allowance paid for projects away from headquarters. To assist the Consultant in preparing for financial negotiations, a sample form giving a breakdown of rates is attached (no financial information

should be included in the Technical Proposal). Agreed breakdown sheets shall form part of the negotiated contract.

- b) The Procuring Entity is charged with the custody of Government funds and is expected to exercise prudence in the expenditure of these funds. The Procuring Entity is, therefore, concerned with the reasonableness of the firm's Financial Proposal, and, during negotiations, it expects to be able to review audited financial statements backing up the Consultant's remuneration rates, certified by an independent auditor. The Consultant shall be prepared to disclose such audited financial statements for the last three years, to substantiate its rates, and accept that its proposed rates and other financial matters are subject to scrutiny. Rate details are discussed below.

c) Salary

This is the gross regular cash salary paid to the individual in the Consultant's home office. It shall not contain any premium for work away from headquarters or bonus (except where these are included by law or government regulations).

i) Bonus

Bonuses are normally paid out of profits. Because the Procuring Entity does not wish to make double payments for the same item, staff bonuses shall not normally be included in the rates. Where the Consultant's accounting system is such that the percentages of social costs and overheads are based on total revenue, including bonuses, those percentages shall be adjusted downward accordingly. Where national policy requires that thirteen (13) months' pay be given for twelve (12) months' work, the profit element need not be adjusted downward. Any discussion on bonuses shall be supported by audited documentation, which shall be treated as confidential.

ii) Social Costs

Social costs are the costs incurred by the Consultant for the non-monetary benefits provided to its staff. These items include, *inter alia*, pension, medical and life insurance costs, and the cost of a staff member being sick or on vacation. In this regard, the cost of leave for public holidays is not an acceptable social cost nor is the cost of leave taken during the Contract if no additional staff replacement has been provided. Additional leave taken at the end of the Contract in accordance with the Consultant's leave policy is acceptable as a social cost.

iii) Cost of Leave

The principles of calculating the cost of total days leave per annum as a percentage of basic salary shall normally be as follows:

$$\text{Leave cost as percentage of salary}^{18} = \frac{\text{total days leave} \times 100}{[365 - w - ph - v - s]}$$

It is important to note that leave can be considered a social cost only if the Procuring Entity is not charged for the leave taken.

¹⁸ Where w = weekends, ph = public holidays, v = vacation, and s = sick leave.

iv) Overheads

Overhead expenses are the firm's business costs that are not directly related to the execution of the project and shall not be reimbursed as separate items under the Contract. Typical items are home office costs (partner's time, non-billable time, time of senior staff monitoring the project, rent, support staff, research, staff training, marketing, etc.), the cost of staff not currently employed on revenue-earning projects, and business promotion costs. During negotiations, audited financial statements, certified as correct by an independent auditor and supporting the last three years' overheads, shall be available for discussion, together with detailed lists of items making up the overheads and the percentage by which each relates to basic salary. The Procuring Entity does not accept an add-on margin for social charges, overhead expenses, etc., for staff who are not permanent employees of the firm.

v) Fee or Profit

The fee or profit shall be based on the sum of the salary, social costs, and overhead. If any bonuses paid on a regular basis are listed, a corresponding reduction in the profit element shall be expected. Fee or profit shall not be allowed on travel or other reimbursable expenses, unless in the latter case an unusually large amount of procurement of equipment is required. The Consultant shall note that payments shall be made against an agreed estimated payment schedule as described in the draft form of the Contract.

vi) Away from Headquarters Allowance or Premium

Some consultants pay allowances to staff working away from headquarters. Such allowances are calculated as a percentage of salary and shall not draw overheads or profit. Sometimes, by law, such allowances may draw social costs. In this case, the amount of this social cost shall still be shown under social costs, with the net allowance shown separately. For concerned staff, this allowance, where paid, shall cover home education, etc.; these and similar items shall not be considered as reimbursable costs.

vii) Subsistence Allowances

Subsistence allowances are not included in the rates, but are paid separately and in local currency. No additional subsistence is payable for dependents $\frac{3}{4}$ the subsistence rate shall be the same for married and single team members.

UNDP standard rates for the particular country may be used as reference to determine subsistence allowances.

2) Reimbursables

The financial negotiations shall further focus on such items as out-of-pocket expenses and other reimbursables. These costs may include, but are not restricted to, the cost of surveys, equipment, office rent, supplies, international and local travel, computer rental, mobilization and demobilization, insurance, and printing. These costs may be either fixed or reimbursable in foreign or local currency.

3) Bank Guarantee

Payments to the Consultant, including payment of any advance based on cash flow projections covered by a bank guarantee, shall be made according to an agreed estimated schedule ensuring the firm regular payments in local and foreign currency, provided the services proceed as planned.
