

BID BULLETIN NO. 1

This Bid Bulletin is issued to amend/clarify items in the Bidding Documents for the **Supply of Printing Services (High Speed Printers) ("Project") Public Bidding No. 2025-13.**

A. AMENDMENT/S

REFERENCE	AMENDMENT
Section VII. Technical Specifications	Section VII. Technical Specifications
Project Title	Project Title
"Lot 1. Supply and Delivery of Various Genuine Brother Toners and Drums"	"Supply of Printing Services (High Speed Printers)"

B. QUERIES/CLARIFICATION/S

BIDDER'S CLARIFICATIONS	RESPONSES
Section VII. Technical Specification, Page 32 Printer Speed – Rows 3 and 4 The SEC specified printer speeds of 75 ppm, 66ppm, and 55 ppm. Please verify that the 55 ppm is the minimum and 75 ppm is the maximum range for high-speed proposals. For fair competition, we recommend setting the speed at 75 ppm to meet industry standards for production printers. An estimated usage of 500,000 copies per month exceeds the recommended utilization for both the 55 ppm and 66 ppm models, making the 75-ppm machine the best fit for this project.	Section VII. Technical Specification, Page 32 Printer Speed – Rows 3 and 4 Five (5) units printers with speed of at least 75 ppm Five (5) units printers with speed of at least 55 ppm
Section VII. Technical Specification, Page 32 Twenty (20) units Workstations: Rows 6 a. May we request that the processor speed be relaxed to 3.4Ghz from 3.6Ghz considering that a slight reduction would not severely affect the intended usage for Unix and SEC i-View System? b. Will a 21.5-inches color monitor be acceptable instead of 22-inches considering the slight reduction of 3.0 millimeters to each side of the bezels would not significantly affect the SEC's operation? c. Can we omit the DVD-ROM as this peripheral had become obsolete?	Section VII. Technical Specification, Page 32 Twenty (20) units Workstations: Rows 6 Yes. Intel®Core™i7-7700 CPU@3.4Ghz processor Yes. 21.5 inches Color Monitor is Acceptable Yes.

Section VII. Technical Specification, Page 33 Service Commitment: Row 12 May we suggest a standard by adding Original Equipment Manufacturer's support to augment the term "incomparable after sales commitment" such as the following: a. The Service Provider must be an Authorized Dealer and Authorized Service Provider of the brand that it offers. b. The maintenance parts, service parts, and consumables delivered must be new, original, and toners must possess the necessary Material Safety Data Sheet (MSDS). c. That for the purpose of the above (a) and (b), a Manufacturers' Certificate shall be submitted during the post-qualification.	Section VII. Technical Specification, Page 33 Service Commitment: Row 12 Yes. Bidder shall submit a certification of being an Authorized Dealer and Service Provider of the brand offered Yes Yes. Certification shall be submitted during the post-qualification process.
Section VII. Technical Specification, Page 33 Pricing - There were three (3) parameters mentioned that refer to the pricing namely, 6,000,000 copies per year or 500,000 copies per month, and the minimum of 150,000 copies per month. Please clarify which among these parameters shall be used by the bidders to accomplish the Bid Form and the Price Schedule.	Section VII. Technical Specification, Page 33 Pricing - The total cost of the project is SIX MILLION PESOS (6,000,000) based on the estimated total production per year which is 6,000,000 copies. Please use 6,000,000 copies to accomplish the Bid Form and the Price Schedule.
Section VII. Technical Specification, Page 35 Delivery Schedule - Requesting an extension of the delivery period from thirty (30) calendar days to sixty (60) to Ninety (90) calendar days.	Section VII. Technical Specification, Page 35 Delivery Schedule - No. The delivery of goods should be within thirty (30) calendar days

Provisions in the bidding documents that are in conflict with this Bulletin are deemed revised/amended. For guidance and information of all concerned.
