

## **NOTICE**

**Subject : Extension of Temporary Use of 2020 Form for Filing of  
General Information Sheet on eFAST**

The Commission hereby informs all corporations that the temporary use of the 2020 General Information Sheet (GIS) Form for filing through the Electronic Filing and Submission Tool (eFAST) has been extended until **15 May 2026**.

Accordingly, corporations that are still in the process of setting up their eSECURE accounts, which provide entry to the Hierarchical and Applicable Relations and Beneficial Ownership Registry (HARBOR), may continue to submit their GIS using the 2020 version of the form within the extended period.

The 2020 GIS Form remains available for download through the SEC website at <https://bit.ly/2020GISForms>. This extension is granted to allow corporations sufficient time to complete the necessary setup or access arrangements for HARBOR, the Commission's online system for the submission of beneficial ownership information.

For concerns involving eFAST, eSECURE, or HARBOR, the public may visit the 2<sup>nd</sup> Floor of the Securities and Exchange Commission (SEC) Headquarters in Makati City or proceed to the nearest SEC Extension Office for on-site assistance.

The public may also reach the SEC through the following channels:

- Dial 14-SEC (14-732) for phone support and inquiries.
- Send a message via the SEC iMessage portal (<https://imessage.sec.gov.ph/>) for digital assistance and follow-ups.

Issued on 14 April 2026.
