ELECTRONIC SEC UNIVERSAL REGISTRATION ENVIRONMENT

Registration and Credentialing

Version 1. 2026

Electronic SEC Universal Registration Environment (eSECURE)

eSECURE

URL: <https://esecure.sec.gov.ph/>

The **eSECURE** or the **Electronic SEC Universal Registration Environment** is a credentialing service that is designed to ensure the security and authenticity of your online identity. As part of our electronic Know Your Customer (eKYC) module, we collect and process personal information from you and capture a live photo.

Accessing the eSECURE System

Electronic SEC Universal Registration Environment (eSECURE)

1

eSECURE can be easily accessed through the SEC website www.sec.gov.ph under the category “Online Services.”

2

Click the link <https://esecure.sec.gov.ph> to be redirected to the eSECURE portal.

eSECURE Account Registration for Applicants Residing in the Philippines

Electronic SEC Universal Registration Environment (eSECURE)

3

Once redirected to the **eSECURE** log in page, click the **“Register Now”** button.

4

Click the **“Proceed”** button under the **“For applicants residing in the Philippines.”**

Electronic SEC Universal Registration Environment (eSECURE)

5 Enter the required information in the fields provided and click the “**Next**” button.

The screenshot shows the 'Contact Information' step of the eSECURE registration process. The header includes the SEC logo and the text 'eSECURE'. The main heading is 'Contact Information' with a sub-instruction: 'Provide a valid and working email address and mobile number'. The form contains two input fields: 'Input valid email address' with a placeholder 'Personal Email Address*' and 'Input valid mobile number' with a placeholder 'Personal Mobile No.*'. To the right of these fields is an illustration of a hand holding a smartphone with a checkmark. At the bottom, there are 'PREVIOUS' and 'NEXT' buttons. On the right side, a progress indicator shows four steps: 'Select Type of Residency' (completed), 'Contact Information' (current), 'OTP Verification', and 'Account Information'. Below the progress indicator, instructions for the 'Contact Information' step are provided: (1) Provide an active email address and mobile number. (2) Note: Email address and mobile number should be unique to the person who is applying for an eSECURE account.

6 Enter the One-time Password (OTP) sent to your email and mobile No. and click the “**Next**” button.

The screenshot shows the 'Verify OTP' step of the eSECURE registration process. The header includes the SEC logo and the text 'eSECURE'. The main heading is 'Verify OTP' with a sub-instruction: 'Input the OTP received on your provided email and mobile number.' The form contains two input fields: 'Enter the 6-digit code sent to test25@gmail.com' with a placeholder 'Email Verification Code*' and 'Expires in: 02:58', and 'Enter the 6-digit code sent to 09365489562' with a placeholder 'Mobile Verification Code*' and 'Expires in: 02:58'. To the right of these fields is an illustration of a hand holding a smartphone with a checkmark. At the bottom, there are 'PREVIOUS' and 'NEXT' buttons. On the right side, a progress indicator shows four steps: 'Select Type of Residency' (completed), 'Contact Information' (completed), 'OTP Verification' (current), and 'Account Information'. Below the progress indicator, instructions for the 'OTP Verification' step are provided: (1) Input the OTP received on your provided email and mobile number. (2) Note: Ensure the email and mobile number entered belong only to you for eSECURE account security.

Logging in to Your eSECURE Account

Electronic SEC Universal Registration Environment (eSECURE)

- 1 Once registered, the page will automatically log out. Click the **“Go to Login”** button.

- 2 Enter your Username and Password and click the **“Sign In”** button.

Electronic SEC Universal Registration Environment (eSECURE)

3

After signing in, you will be redirected to the eSECURE Services page. In the upper left corner, there is a menu listing the following options: **Services**, **Account**, **Credentialing**, and **Customer Support**.

The screenshot shows the eSECURE Services page. On the left is a navigation menu with 'Services' selected. The main area displays a grid of service tiles: API (SEC API Marketplace), eSEARCH (Electronic SEC Education, Analysis and Research Computing Hub), Appointment (Appointment System (Robinson's Galleria Satellite office)), CAFE SEC (Call-a-friend and engage with SEC), ACES (SEC Automated Certification Examination System), and eFAST (Electronic Filing and Submission Tool). Each tile has a 'Go to site' button. Below this is a yellow banner: 'Complete your credentialing to access more of SEC online services. Click [here](#) to verify your account.' Underneath are four more tiles: eSPARC (Electronic Simplified Processing of Application for Registration of Company), eRAMP (Electronic Registry Application for Market Participants), eAMEND (Electronic Application for Modification of Entry Data), and eSAP (Electronic Submission Authentication Portal). A 'SEC Zero Super Easy Registration Online' link is also visible.

3.1

On the Account Page, you can view and edit your account information, personal information, and password and security.

The screenshot shows the eSECURE Account page. The left navigation menu has 'Account' selected. The main area is titled 'Account' with the subtitle 'Manage your account settings'. It features two tabs: 'Personal Details' (active) and 'Password and Security'. The 'Personal Details' section is divided into three expandable sections: 'ACCOUNT INFORMATION' (with a 'CANCEL ACCOUNT' button), 'PERSONAL INFORMATION', and 'ADDITIONAL INFORMATION'. Each section contains fields for user details and an 'EDIT' button. The 'Recent Activity' sidebar on the right shows a timeline of account actions like 'Login' and 'ACCOUNT TESTED'.

Electronic SEC Universal Registration Environment (eSECURE)

3.2

Credentialing Page contains the Credential status and the expiry date (*once the account has been credentialed*).

3.3

Customer Support Page is dedicated to customer queries and assistance for all SEC Services.

Credentialing an Account in eSECURE

4

In the credentialing page, click the “**Verify Credentialing**” button to activate your account. A notification will appear to confirm that all the information provided is correct and that you may proceed with credentialing.

The screenshot shows the eSECURE web interface. On the left is a sidebar with the SEC logo and navigation links: Services, Account, Credentialing (highlighted), and Customer Support. The main content area is titled 'Credentialing' with the subtitle 'Displays account credentialing status'. It features a 'Credential Status' box showing 'Inactive'. A red-bordered button labeled 'VERIFY CREDENTIALING' is located on the right side of the main content area.

The dialog box has a blue information icon at the top. The title is 'Verify Credentialing'. Below the title is a message: 'Please make sure all information stated below is true and correct.' The form contains the following fields:

- First name:** ACCOUNT
- Middle name:**
- Lastname:** TEST0001
- Birthdate:** September 15, 1965

Below the form, there is a paragraph: 'By clicking "Yes, I Confirm," you will proceed to the credentialing process. Once successfully credentialed, you will not be able to update your personal information.'

At the bottom, it asks 'Do you confirm?' and provides two buttons: 'Cancel' and 'Yes, I Confirm' (highlighted with a red border).

Electronic SEC Universal Registration Environment (eSECURE)

5

Upon confirmation, select your preferred payment method and click “**Confirm**” to be redirected to the selected payment portal. Click “**Proceed to Payment**” to continue.

The screenshot shows a web interface titled "Credentiaing". At the top, it says "You are paying CYTECH" and displays a "Reference Number: atnoP2oOsTtBscSF2DOJ". The main section is divided into two columns. The left column shows the "Payment amount" as ₱ 400.00 and a table for "Payment for" with one item: "eSECURE Subscription" with a quantity of 1 and a price of ₱ 400.00. The right column is titled "Choose your payment method" and shows a "QR Ph" code to pay. Below this, there are options for "Credit or Debit Card", "E-Wallets" (with sub-options for GCash, Maya, and O-Cash), and "Maya". A red box highlights the "Continue" button at the bottom right of the payment method selection area.

7 The system displays the payment details. Click “**Complete Payment**” to proceed.

The screenshot shows the same "Credentiaing" interface, but now with a "Customer Information" section on the right. This section includes fields for "Name" (ACCOUNT TEST0001), "Email address" (accounttest0001@gmail.com), and "Mobile number (optional)" (+63). There is a checkbox for "I have read and agreed to PayMongo's Privacy Policy." which is checked. A red box highlights the "Complete payment" button at the bottom right of the customer information section. The footer of the interface says "Powered by paymongo".

Electronic SEC Universal Registration Environment (eSECURE)

**ID AVAILABILITY : I DO
NOT HAVE A PHILSYS ID**

Electronic SEC Universal Registration Environment (eSECURE)

1

After successful payment, you will be redirected to the Verify Credentialing page. Select **I do not have a PhilSys ID** in the ID availability options, then click the **“Begin Verification”** button

2

Click the **“Begin verifying”** button. From the dropdown list, select the country where the government ID was issued, then click the **“Select”** button.

Electronic SEC Universal Registration Environment (eSECURE)

3

Select the first ID to upload, then click the **Camera** button or the **Upload a photo** button.

4

Click the **“Use this Photo”** button. Once the ID is successfully uploaded, a Processed ID confirmation will be displayed to verify that your ID has been accepted.

Repeat this step for the second ID. **Note: Do not upload the same ID twice.**

Electronic SEC Universal Registration Environment (eSECURE)

5

After the uploaded IDs are successfully verified, you will be prompted to do a liveness check. Click the **"Get Started"** button.

6

Follow the directions while taking the liveness check. Wait for the photo to be verified.

Electronic SEC Universal Registration Environment (eSECURE)

7

After your identity has been verified, a prompt will appear saying '**Please click Done as part of Credentialing.**' Click the “**Done**” button to proceed.

8

A verification message will notify you of a successful credentialing process then click the “**Close**” button.

9

The page will redirect to the Credentialing page, where the credentialing status will be updated to Active, along with the account's expiry date. (**Note:** A credentialed account is valid for two years from the date of credentialing.)

The screenshot shows the eSECURE web application interface. At the top, there is a green header bar with the eSECURE logo on the left and a user profile dropdown on the right. The main content area has a light green background with a subtle geometric pattern. On the left side, there is a sidebar menu with the SEC logo and four items: Services, Account, Credentialing (which is highlighted with a green bar), and Customer Support. The main section is titled 'Credentialing' with a subtitle 'Displays account credentialing status'. It contains two white boxes: 'Credential Status' showing 'Active' in a green pill, and 'Expiry Date' showing 'Aug 19, 2027'. On the right side, there is a 'Credentialing Process' section with a list of four steps: (1) Initiate the credential verification by clicking on the "Verify Credentialing" button, (2) After clicking, a confirmation pop-up will appear; carefully review all details before selecting "Yes, I confirm.", (3) Proceed with the credentialing process once confirmation is made, and (4) Upon successful verification, close the pop-up window.

ID META

I have a PhilSys ID

Electronic SEC Universal Registration Environment (eSECURE)

1

After successful payment, you will be redirected to the Verify Credentialing page. Select **I have a PhilSys ID** in the ID availability options, then click the **“Begin Verification”** button

The screenshot shows a web browser window titled "Credentiaing". At the top, there is a link: "If Camera doesn't work, click here (3)". Below this is a placeholder for a PhilSys ID card, which includes fields for ID number, Full name, Birthdate - Gender, Address, and QR code. A red note below the placeholder states: "Note: Other versions do not contain sufficient information for verification". Below the note are input fields for First Name (ACCOUNT), Middle Name, Last Name (TEST0001), Email (accounttest0001@gmail.com), and Birthday (September 15, 1965). Under the "Select ID Availability" section, there are three buttons: "I have a PhilSys ID" (selected), "I do not have a PhilSys ID", and "I am a Foreigner". At the bottom, there is a blue button labeled "Begin Verification" which is highlighted with a red rectangle.

2

Click the **“Start Verification”** button.

The screenshot shows a "KYC Verification" popup window. It features a blue circle with the number "1" in the top left corner. The text "Powered by IDMeta" is displayed. Below this, a message states: "This verification requires an external service. Please 'Start Verification' to proceed in a new browser tab." followed by "(This will close the popup. You may close this tab.)". At the bottom center, there is a blue button labeled "Start Verification" with a mouse cursor icon pointing at it.

Electronic SEC Universal Registration Environment (eSECURE)

3

Review the consent details and click the **Start** button to start the verification process.

Let's start your verification
In this verification, you will need:

-  Upload photos or details of documents proving your identity
-  Take a selfie

By clicking Next I consent to Company and its service provider, IDMeta, obtaining and disclosing a scan of my face geometry and barcode of my ID for the purpose of verifying my identity pursuant to Company and IDMeta's Privacy Policies and for improving and updating IDMeta products or services (including its algorithm). The Company and IDMeta shall store the biometric data for a period of time as required by law or as long as necessary for the

4.1

To use the **PCN method**, enter the **Personal Control Number (PCN)** found in the upper-left corner of your PhilSys ID. Then, click the **Face Verification**.

The screenshot shows the 'PCN Verification' screen. At the top, there is a 'PhilSys Check' section with a progress indicator showing '1' of '2' steps. Below this is a 'Back' button and the title 'PCN Verification'. The main section is 'Personal Control Number (PCN) *', which contains a text input field labeled 'Enter your PCN'. Below this is the 'Identity Verification' section, which prompts the user to 'Please select a verification method to confirm your identity'. There are three options: 'Face Verification' (with a smiley face icon and the instruction 'Complete the PCN/required fields first'), 'Fingerprint' (with a fingerprint icon and the status 'Currently unavailable'), and 'Iris Scan' (with an eye icon and the status 'Currently unavailable'). At the bottom is a 'Continue →' button.

Electronic SEC Universal Registration Environment (eSECURE)

4.2

To use the **QR Code Scanner method**, scan the **QR code** located on the back of your PhilSys ID, then click **Face Verification**.

The screenshot shows the 'PhilSys Check' app interface. At the top, there's a progress indicator with '1' and '2' in circles, and '1/2' in a blue circle. Below it, the text 'PhilSys Check' is displayed. A 'Back' button is on the left. The main section is titled 'QR Code Scanner' and features a large QR code. Below the QR code, the text reads: 'Position the QR code within the scanning area for best results'. At the bottom, there's an 'Identity Verification' section with the instruction 'Please select a verification method to confirm your identity'. It contains three options: 'Face Verification' (with a smiley face icon and the text 'Complete the PCN/required fields first'), 'Fingerprint' (with a fingerprint icon and the text 'Currently unavailable'), and 'Iris Scan' (with an eye icon and the text 'Currently unavailable'). A 'Continue →' button is at the very bottom.

Electronic SEC Universal Registration Environment (eSECURE)

4.3

If you do not have a PCN or a physical ID, but you are registered with PhilSys, use the Manual Form. Enter your personal details, then click **Face Verification**.

The screenshot shows the eSECURE registration interface. At the top, there is a blue logo and a progress indicator showing '1' of '2' steps, with the first step labeled 'PhilSys Check'. Below this is a 'Personal Information' section with a 'Back' arrow. It contains fields for 'First Name *', 'Suffix' (a dropdown menu currently showing 'N/A'), 'Middle Name', 'Last Name *', and 'Date of Birth *' (with a date picker icon). Below the personal information section is an 'Identity Verification' section with the instruction 'Please select a verification method to confirm your identity'. It features three options: 'Face Verification' (with a smiley face icon and the text 'Complete the PCN/required fields first'), 'Fingerprint' (with a fingerprint icon and the text 'Currently unavailable'), and 'Iris Scan' (with an eye icon and the text 'Currently unavailable'). At the bottom of the form is a grey 'Continue →' button.

By proceeding, you allow the collection, use, and disclosure of your personal data for identity verification and safety purposes.

Start Liveness

Electronic SEC Universal Registration Environment (eSECURE)

6

Follow the directions while taking the liveness check. Wait for the photo to be verified.

7

After completing the selfie capture and liveness verification, click **Continue** to proceed.

Electronic SEC Universal Registration Environment (eSECURE)

8

A Selfie Capture Guide will be displayed. Review the tips and common issues, then click **X** to close.

9

Carefully follow the instructions while capturing your selfie, then wait for it to be successfully captured.

10 Once the selfie is captured, click the **Complete Verification** button to proceed.

The image shows a mobile application interface for biometric verification. At the top, there is a blue logo consisting of two interlocking squares. Below the logo, a progress bar shows two steps: step 1 is completed (indicated by a green checkmark) and step 2 is the current step. A '2/2' indicator is visible in the top right corner of the progress bar. The main area of the screen is a large, blurred rectangular box, likely representing a captured selfie. Below this box is a dark blue button with a circular arrow icon and the text 'Retake Photo'. At the bottom of the screen, there are two buttons: a light gray button labeled '← Back' and a dark blue button labeled 'Complete Verification'. The 'Complete Verification' button is highlighted with a red rectangular border.

11

A Verification Completed prompt will be displayed. Click the **Finish** button.

12.1

After the verification is completed, the system will review the submitted details and match them with the registered information. A “**Verification Completed**” message will be displayed if the credentials are successfully verified. Then, click the **Return to SEC Philippines**.

12.2

If the verification fails, a “**Verification Failed**” message will appear, showing the details that caused the failure and providing an option to redo the verification. Click the **Redo Verification** button to try again.

Verification Failed

You have failed your verification, click “[Redo Verification](#)” to try again.

Causes of Failure

If you have any further issues, please contact support@cyantech.io.

[Redo Verification](#)

13

For a successfully credentialed account, once redirected to the eSECURE account, the credential status will turn **Active**, and the account’s expiry date will also be displayed.

The screenshot shows the eSECURE web interface. At the top, there is a green header with the eSECURE logo, a red warning banner stating "This site is for testing purposes only.", and a user profile icon labeled "test46". On the left, a sidebar menu includes "Services", "Account", "Credentialed" (highlighted in green), and "Customer Support". The main content area is titled "Credentialed" and "Displays account credentialed status". It features two boxes: "Credential Status" with a green "Active" tag, and "Expiry Date" showing "Jan 13, 2028". On the right, a "Credentialed Process" section lists four steps: (1) Initiate the credential verification by clicking on the "Verify Credentialing" button, (2) After clicking, a confirmation pop-up will appear; carefully review all details before selecting "Yes, I confirm.", (3) Proceed with the credentialing process once confirmation is made, and (4) Upon successful verification, close the pop-up window.
